### Household Information

Your income and family size help us decide what programs you qualify for. With this information, we can make sure everyone gets the most coverage possible.

**Who needs to be included on this application:**

- your spouse, if married
- your children who live with you
- your partner who lives with you (but only if you have children together who need health insurance)
- anyone you include on your federal tax return, **whether they live with you or not**
- **If you don't file a tax return, remember to still add family members who live with you.**

Anyone else who lives with you will need to file their own application if they want insurance. You don't need to file taxes to apply for health insurance.

**Complete the Additional Member pages for each person in your family. Start with yourself.** If you have more than 2 people in your family, you will need to make a copy of the ‘Additional Member’ pages and complete.

**We need Social Security Numbers (SSNs) for everyone applying for health insurance that has one.** An SSN is optional for people not applying for insurance, but providing one can speed up the application process. **Please ensure the name is listed the same as it is displayed on your Social Security Card.**

**American Indians or Alaska Natives (AI/AN)** who enroll in Medicaid, Nevada Check-Up and the Silver State Health Insurance Exchange can also get services from the Indian Health Services, tribal health programs or urban Indian health programs.

If you or your family members are American Indian or Alaska Native, you may not have to pay premiums or cost sharing and may get special monthly enrollment periods. We will ask additional questions to make sure you and your family get the most help possible.
